#### INDEPENDENT AUDITOR'S REVIEW REPORT

Board of Directors and Stockholders of Regency Affiliates, Inc. and Subsidiary

#### **Results of Review of Interim Financial Information**

We have reviewed the accompanying condensed consolidated financial statements of Regency Affiliates, Inc. and Subsidiary (the "Company") which comprise of the balance sheet as of March 31, 2025, and the related condensed consolidated statements of income, changes in equity, and cash flows for the three months ended March 31, 2025, and 2024, and the related notes (collectively referred to as the interim financial statements). Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Review Results**

We conducted our reviews in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information. A review of condensed interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. A review of condensed interim financial information is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is an expression of an opinion regarding the financial information as a whole, and accordingly, we do not express such an opinion. We are required to be independent of Regency Affiliates, Inc. and Subsidiary and to meet our other ethical responsibilities in accordance with the relative ethical requirements relating to our review. We believe that the results of the review procedures provide a reasonable basis for our conclusion.

### Responsibilities of Management for the Interim Financial Information

Management is responsible for the preparation and fair presentation of the condensed interim financial information in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of interim financial information that is free from material misstatement, whether due to fraud or error.

### Report on Condensed Balance Sheet as of December 31, 2024

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the consolidated balance sheet of Regency Affiliates, Inc. and Subsidiary as of December 31, 2024, and the related consolidated statements of income, changes in equity, and cash flows for the year then ended (not presented herein); and in our report dated March 31, 2025 we expressed an unmodified audit opinion on those audited consolidated financial statements. In our opinion, the accompanying condensed consolidated balance sheet of Regency Affiliates, Inc. and Subsidiary as of December 31, 2024, is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

### Substantial Doubt About the Entity's Ability to Continue as a Going Concern

As discussed in Note 1, the Company has approximately \$27.8 million of aggregate balloon payments related to its outstanding mortgage note and loan payable, due on or before May 6, 2026. The ability of the Company to continue as a going concern is dependent the Company's ability to refinance the debts. These conditions raises substantial doubt about the Company's ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our conclusion is not modified with respect to this matter.

### Note 1. Liquidity and Going Concern

The Company's principal sources of cash have been, and will continue to be, from property operations and additional borrowings. The Company's principal liquidity needs are to fund normal recurring expenses and capital expenditures, and to meet debt service and principal repayment obligations, including balloon payments on maturing debt. The Company anticipates that its cash and cash equivalents and short-term investments as of March 31, 2025, along with cash that will be generated in 2025 will be sufficient to meet all of its cash requirements, provided that the Company is able to refinance or extend its mortgage note payable and loan payable, which pursuant to their terms require an aggregate balloon payment of approximately \$27.8 million on or before May 6, 2026. It is the Company's intention to refinance this debt in advance of the date when the balloon payment is due. There are no assurances that the Company will be able to successfully refinance or extend the maturities of these obligations. These conditions raise substantial doubt about the Company's ability to continue as a going concern to sustain operations for at least one year from the issuance of the accompanying consolidated financial statements. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

### Note 2. Summary of Significant Accounting Policies

### Basis of Presentation

The accompanying financial statements are presented on an accrual basis in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") as defined in the Financial Accounting Standards Board Accounting Standards Codification (the "Codification") for interim financial information. Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States of America. However, in the opinion of management of the Company, all adjustments necessary for a fair presentation of the financial position and operating results have been included in these statements. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report for the fiscal year ended December 31, 2024, as posted with OTC Markets on March 31, 2025. Operating results for the three months ended March 31, 2025 are not necessarily indicative of the results that may be expected for any subsequent quarters or for the year ending December 31, 2025.

### Nature of Operations

Regency Affiliates, Inc. ("Regency" or the "Company") invests in assets that generate attractive, predictable and sustainable returns on capital. The Company's objective is to generate long-term value for its shareholders. Management seeks sound investment opportunities to meet its business characteristics and valuation criteria.

The Company holds a limited partnership interest in Security Land and Development Company Limited Partnership ("Security Land"), which owns and operates 34.3 acres of land and a building in Woodlawn, Maryland. In November 2000, the Company acquired a 5% limited partnership interest in 1500 Woodlawn Limited Partnership, the general partner of Security Land ("Woodlawn"). See Note 4, "Investment in Security Land and Development Company Limited Partnership".

In April 2016, Regency formed a new, wholly owned subsidiary, RSS Investments LLC ("RSS"). RSS acquired a majority ownership (80%) of SSCP Harrisburg Holdings, LLC, a Delaware limited liability company ("Harrisburg Holdings"). Harrisburg Holdings is the sole member of SSCP Harrisburg Intermediate Holdings, LLC, a Delaware limited liability company ("Intermediate Holdings"). Simultaneously with RSS's investment in Harrisburg Holdings, Intermediate Holdings acquired a portfolio of five self-storage facilities in Harrisburg, Pennsylvania ("SSCP Harrisburg Properties"). Subsequently, on October 7, 2024, RSS acquired the remaining balance of the membership interests (20%) of Harrisburg Holdings for an aggregate purchase price of \$3,090,205. Through the Company's ownership (100%) of Harrisburg Holdings, the Company is focused on the ownership, operation, and acquisition of self-storage properties located within the Harrisburg, Pennsylvania area.

### **Note 2. Summary of Significant Accounting Policies (continued)**

### Principles of Consolidation

These condensed consolidated financial statements include the accounts of the Company, and its wholly owned subsidiaries, RSS and Harrisburg Holdings. All intercompany balances and transactions have been eliminated in consolidation.

### Reclassification

Certain amounts in prior periods related to the classification of interest expense has been reclassified to conform to current period presentation. This reclassification to adjust prior period presentation had no net impact on the condensed consolidated statement of operations or condensed consolidated statements of cash flows.

### Noncontrolling Interest

The Company consolidates Harrisburg Holdings. Effective October 7, 2024 Harrisburg Holdings became a wholly owned subsidiary of RSS. Prior to October 7, 2024, RSS owned 80% of the equity interest of Harrisburg Holdings and reported the remaining 20% interest owned by the third party, SSCP Management, LLC, ("SSCP Management") as a noncontrolling interest. The net income or net loss of Harrisburg Holdings is allocated based on the ownership percentages. For the three-months ended March 31, 2024, Harrisburg Holdings had net income of \$365,412, resulting in net income attributable to the non-controlling interest for the three-months ended March 31, 2024 of \$73,082.

### Cash, Cash Equivalents and Restricted Cash

Cash and cash equivalents represent cash and short-term highly liquid investments with original maturities of three months or less. Cash equivalents consist of interest-bearing bank accounts. The Company places its cash and cash equivalents with high credit quality financial institutions that may exceed federally insured amounts at times. The self-storage properties hold escrow funds in a bank account for real estate taxes, insurance, and replacement reserves disbursements to be paid when due, pursuant to the terms of the bank financing agreement, which are included in restricted cash on the Company's condensed consolidated balance sheet.

The following table provides a reconciliation of cash and restricted cash to the total amount shown in the condensed consolidated statements of cash flows as of:

	March 31, 2025		Marc	ch 31, 2024
Cash and cash equivalents	\$	906,457	\$	589,839
Restricted cash		562,598		485,182
Total cash and cash equivalents and restricted cash				
shown in the condensed consolidated statement	s of			
cash flows	\$	1,469,055	\$	1,075,021

#### Short-Term Investments

Short-term investments consist of treasury bills and notes with original maturity dates greater than three months and less than one year at the date of purchase. The Company classifies its treasury instruments as held to maturity, as the Company believes they have the intent and ability to hold them until their maturity. The short-term investments are held at amortized cost, which approximates fair value. The Company has evaluated and determined that no allowance for credit losses would be required, given that the Company's short-term investments consist of high-quality government securities. As of March 31, 2025 and December 31, 2024, the Company's short-term investments, at amortized cost, were \$4,418,716 and \$5,366,535, respectively, net of discount. The Company recognizes interest income over the life of the treasury bills and notes based on the effective interest method.

### **Note 2. Summary of Significant Accounting Policies (continued)**

### Self-Storage Properties

Self-storage properties are carried at historical cost less accumulated depreciation and any impairment losses. Major replacements and betterments, which improve or extend the life of an asset, are capitalized. Expenditures for ordinary repairs and maintenance are expensed as incurred and are included in self-storage cost of operation. Estimated depreciable lives of self-storage properties are determined by considering the age and other indicators about the condition of the assets at their respective dates of acquisition, resulting in an estimated useful life for assets within each category. All self-storage property assets are depreciated using the straight-line method. Buildings and improvements are depreciated over an estimated useful life of 39 years; furniture and equipment are depreciated over an estimated useful life of 7 years. The cost of the land is not depreciated. Repair and maintenance costs are expensed as incurred.

These items consist of the following as of:

	March 31, 2025	December 31, 2024
Land	\$ 4,729,602	\$ 4,760,502
Building and improvements	30,609,794	30,609,719
Furniture and equipment	131,381	131,381
	35,470,777	35,501,602
Less: Accumulated depreciation	(7,038,509)	(6,837,601)
Self-Storage Properties, net	\$ 28,432,268	\$ 28,664,001

Depreciation expense on these properties was \$200,908 and \$216,676 for the three-months ended March 31, 2025 and 2024, respectively.

### *Property and Equipment*

Property and equipment are carried at cost less accumulated depreciation. Depreciation is provided over the estimated useful lives of the assets using the straight-line method as follows: machinery and equipment - 7 years. Repairs and maintenance costs are expensed as incurred that do not extend the life or functionality of the asset.

These items consist of the following as of:

	Ma	arch 31, 2025	Dece	mber 31, 2024
Machinery and equipment	\$	85,212	\$	79,614
Less: Accumulated depreciation	<u> </u>	(59,776)		(55,774)
Property and equipment, net	\$	25,436	\$	23,840

Depreciation expense for machinery and equipment was 4,002 and 1,741 for the three-months ended March 31,2025 and 2024, respectively.

### **Note 2. Summary of Significant Accounting Policies (continued)**

### Income Taxes

The Company utilizes FASB ASC 740-10, "Income Taxes", which requires an asset and liability approach to financial accounting and reporting for income taxes. The difference between the financial statement and tax basis of assets and liabilities is determined annually. Deferred income tax assets and liabilities are computed for those temporary differences that have future tax consequences using the current enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income. In some situations, FASB ASC 740-10 permits the recognition of expected benefits of utilizing net operating loss and tax credit carryforwards. Valuation allowances are established based upon management's estimate, if necessary. Income tax expense (benefit) is the current tax payable or refund for the period plus or minus the net change in the deferred tax assets and liabilities.

### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements, and also affect the amounts of revenues and expenses reported for each period. Actual results could differ from those estimates. Management utilizes various other estimates, including but not limited to, assessing the collectability of rents receivable, determining the estimated lives of long-lived assets, determining the potential impairment of intangibles, the recognition of revenue, and other legal claims and contingencies. The results of any changes in accounting estimates are reflected in the financial statements in the period in which the changes become evident. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the period that they are determined to be necessary.

### Revenue Recognition

The Company recognizes rental income revenue in accordance with ASC Topic 842, Leases. As such, the revenue from these leases are outside of the scope of FASB ASC Topic 606, Revenue from Contracts with Customers. Substantially all leases may be terminated on a month-to-month basis and rental income is recognized ratably over the lease term using the straight-line method. Rents received in advance are deferred and recognized on a straight-line basis over the related lease term associated with the prepayment. Promotional discounts and other incentives are recognized as a reduction to rental income over the applicable lease term. Other property related revenue consists of ancillary revenues such as tenant insurance related access fees and commissions and sales of storage supplies with are recognized in the period earned.

For insurance income, the Company acts as an agent and recognized revenue for only its commission on the arrangement. The Company has a contract with the insurance carrier for acting as an agent, with a fixed commission amount. The performance obligation is satisfied, and revenue is earned at a point in time, which is when the Company sells a policy to a customer. There is no variable consideration for this revenue stream.

### Expense Recognition

Property tax expense is based on actual amounts billed. Cost of operations, general and administrative expense and interest expense are expensed as incurred.

### Advertising Expenses

The Company expenses advertising costs when incurred. Advertising and marketing costs totaled \$39,293 and \$40,789 for the three-months ended March 31, 2025 and 2024, respectively.

### **Note 2. Summary of Significant Accounting Policies (continued)**

### Fair Value Measurements

The carrying amounts of cash and cash equivalents, restricted cash, prepaid expenses and other current assets, accounts payable, accrued liabilities, deferred revenue, and other liabilities approximate their fair value due to the short-term nature of these instruments.

ASC Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Fair value is defined as an exit price, representing the amount that would be received upon the sale of an asset or payment to transfer a liability in an orderly transaction between market participants. Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. A three-tier fair value hierarchy is used to prioritize the inputs in measuring fair value as follows:

- ➤ Level 1 Quoted prices in active markets for identical assets or liabilities.
- ➤ Level 2 Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable, either directly or indirectly.
- Level 3 Significant unobservable inputs that cannot be corroborated by market data.

### Limitations on the Use of Fair Value Estimates

Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial statements. These estimates are subjective in nature, involve uncertainties and matters of significant judgment, and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

### Segment Reporting

ASC Topic 280, Segment Reporting, establishes standards for the manner in which companies report information about operating segments. The Company is an internally managed real estate company that acquires, owns, invests in, and manages a portfolio of commercial real estate. The Company primarily engages in leasing activities that generate revenues and incur operating expenses in addition to investing in property development. The Company aggregates these investments for reporting purposes and operates in one reportable segment.

The Company's chief operating decision maker ("CODM") is the Company's chief executive officer. The CODM uses net (loss) income, as reported on the condensed consolidated statements of operations to measure segment operating performance and allocate resources. The Company's significant expenses that are reviewed regularly by the CODM include self-storage cost of operations, self-storage depreciation expense, general and administrative expenses and loss from equity investment in partnerships/LLC. The measure of segment assets is reported on the Company's condensed consolidated balance sheets as total assets.

### **Note 2. Summary of Significant Accounting Policies (continued)**

Accounting Pronouncements Not Yet Adopted

In December 2023, the FASB issued ASU 2023-09 – Improvements to Income Tax Disclosures, which enhances the transparency and decision usefulness of income tax disclosures. The standard is effective for public companies for annual periods beginning after December 15, 2024. Early adoption is available. The Company is still evaluating the full extent of the potential impact of the adoption of ASU 2023-09 but believes it will not have a material impact on its consolidated financial statements and disclosures.

Accrued interest receivable as of March 31, 2025 and December 31, 2024 was \$5,584 and \$2,869, respectively.

As of March 31, 2025, the Company held two securities in an unrealized loss position. As of December 31, 2024, the Company held no securities in an unrealized loss position. The aggregate fair value of securities held by the Company in an unrealized loss position for less than twelve months as of March 31, 2025 was \$673,250, in which the Company had the intent and ability to hold such securities until recovered. As a result, the Company did not record any charges for credit-related impairments for its marketable debt securities for the three months ended March 31, 2025 and March 31, 2024.

### Note 5. Investment in Security Land and Development Company Limited Partnership

The Company owns a limited partnership interest in Security Land, which owns a parcel of land and an office complex (the "Security West Building"). The Company has limited voting rights and is entitled to certain allocations of the profit and loss and operating cash flow distributions of Security Land.

For the three-months ended March 31, 2025 and 2024, the Company recognized losses of \$74,813 and \$15,730, respectively, from its equity investment in Security Land. There were no distributions paid to the Company during the three-months ended March 31, 2025 and 2024.

The Company also owns a 5% limited partnership interest in 1500 Woodlawn Limited Partnership, the general partner of Security Land. The Company recognized losses of \$3,148 and \$662 for the three-months ended March 31, 2025 and 2024, respectively, from this investment.

On December 6, 2018, the Company entered into a second amended and restated limited partnership agreement (the "Amended Partnership Agreement") with Woodlawn and other limited partners. Among other things, the Amended Partnership Agreement allowed Security Land to enter into a new agreement with the United States General Services Administration and refinance its debt, as described below. As part of the Amended Partnership Agreement, the income allocated to the Company was reduced from 95% to 48.969%.

### Note 5. Investment in Security Land and Development Company Limited Partnership (continued)

On December 6, 2018, Security Land entered into an agreement ("Management Agreement") with Woodlawn and the Company. Pursuant to the Management Agreement, there is an asset management fee payable to the Company at a rate of 1.3% of monthly rental income in the applicable period, payable monthly through the date of sale of the property. For the three-months ended March 31, 2025 and 2024, no fees were recognized under the management fee agreement, as the subject property is vacant.

The Security West Building's last tenant vacated the building effective November 1, 2023. Demolition of the Security West Building commenced in May 2025. Security Land is currently investigating and evaluating redevelopment opportunities for the site.

Summarized Balance Sheet information for Security Land is as follows:

### **Note 6. Related Party Transactions**

In connection with the Company's investment in Security Land, the Company also holds a 5% interest in Woodlawn. Security Land entered into an agreement with TCG Properties Corporation, an affiliate of Woodlawn, to provide management services, including payroll and other administrative services. For the three-months ended March 31, 2025 and 2024, Woodlawn recorded total TCG Properties Corporation fees charged to Security Land of \$99,283 and \$100,283, respectively.

### Note 7. Mortgage Note Payable

On April 18, 2016, SSCP Harrisburg Properties obtained a \$25,250,000 bank note to fund the acquisition of the self-storage properties (the "Mortgage Note Payable"). The Mortgage Note Payable is a non-recourse debt financing with a ten-year term, 4.95% fixed interest rate, and has a maturity date of May 6, 2026. The Mortgage Note Payable is guaranteed by the owners of SSCP Harrisburg Properties and is secured by all assets of SSCP Harrisburg Properties. The only amount due during the first four years of the Mortgage Note Payable was interest. After such point, the Company makes monthly payments of \$134,777 until a balloon payment is due in May 2026. The Company paid \$126,250 in fees for underwriting the Mortgage Note Payable. These fees were recorded as a debt discount and are amortized over the life of the Mortgage Note Payable. Amortization expense of debt discount was \$3,156 for each of the three months ended March 31, 2025 and 2024. The unamortized debt discount as of March 31, 2025 and December 31, 2024 was \$13,680 and \$16,836, respectively. The principal outstanding on the Mortgage Note Payable as of March 31, 2025 and December 31, 2024 was \$23,343,503 and \$23,457,958, respectively. For the three-months ended March 31, 2025 and 2024, the Company incurred interest expense of \$289,876 and \$298,432, respectively, in connection with the Mortgage Note Payable.

Under the terms of this agreement, the Company is required to meet and maintain certain financial covenants. As of March 31, 2025, the Company was in compliance with all financial covenants. The covenant as of March 31, 2025 was:

Minimum Debt Service Coverage Ratio 1.15 to 1.00 Actual Debt Service Coverage Ratio 1.46 to 1.00

Future principal payments due under the Mortgage Note Payable are as follows for the years ending December 31:

2025 (remainder of the year)	\$	356,737
2026		22,986,766
Total	_	23,343,503

Subtotal	\$	23,329,823
Mortgage note payable, net of discount	\$	464,423
Mortgage note payable, net of current portion	\$	22,865,400

### Note 8. Loan Payable

On October 8, 2024, RSS borrowed \$5,000,000 from an unrelated third-party (the "2024 Loan Agreement"), the proceeds of which were used to fund the acquisition of the Harrisburg Holdings membership interests (and related expenses) and are otherwise available for general corporate purposes, including the repurchase by Regency of shares of its outstanding common stock. The loan accrues interest, payable monthly, at the rate of 10% per annum, and is payable in full on May 7, 2026 or sooner under certain circumstances including upon repayment in full of the Mortgage Note Payable. The \$5,000,000 loan is prepayable at any time without premium or penalty, is secured by a pledge of the membership interests in Harrisburg Holdings owned by RSS, and includes certain customary covenants, representations and events of default. In addition, while the \$5,000,000 loan remains outstanding, RSS agreed to first offer the lender the opportunity to purchase the SSCP Harrisburg Properties in the event that RSS determined to sell the properties. The Company incurred \$164,251 in legal fees in connection with the issuance of the 2024 Loan Agreement. These fees were recorded as debt issuance costs and are amortized over the life of this loan. Amortization expense of the debt issuance cost was \$25,664 for the three-months ended March 31, 2025. The unamortized debt issuance cost as of March 31, 2025 and December 31, 2024 was \$114,633 and \$140,297, respectively. The principal amount of \$5,000,000 was outstanding on the note as of March 31, 2025 and December 31, 2024. For the three-months ended March 31, 2025, the Company incurred interest expense of \$125,035 in connection with this note. Accrued interest as of March 31, 2025 and December 31, 2024 was \$0.

### Note 9. Contingencies, Risks, and Uncertainties

The Company is subject to numerous contingencies, risks and uncertainties including, but not limited to, the following that could have a severe impact on the Company:

A sudden catastrophe to the land underlying the Security West Building from uninsured acts of God or war could have a materially adverse impact upon the Company's investment in Security Land and Development Company Limited Partnership and, therefore, its financial position and results of operations.

Royalty, an affiliate of the Company's management, beneficially owns approximately 52.7% of the Company's common stock. As a result, Royalty has the ability to control the outcome of all matters requiring shareholder approval, including the election and removal of directors and any merger, consolidation or sale of all or substantially all of the Company's assets.

There are many public and private companies that are also searching for operating businesses and other business opportunities as potential acquisition or merger candidates. The Company will be in direct competition with these other companies in its search for business opportunities. Many of these entities have significantly greater financial and personnel resources than the Company.

The Company and the general partner of Security Land were in disagreement as to the manner in which taxable income of Security Land was to be allocated pursuant to the partnership agreement and applicable law, and for years 2004 through 2018, the Company reported taxable income (loss) from Security Land in a manner the Company believes is proper, but which was different than the manner reported by Security Land. See Note 4, "Investment in Security Land and Development Company Limited Partnership". In February 2016, the Company obtained an insurance policy to protect against such losses, however, it may not be sufficient under all circumstances to cover all potential losses to the Company in the event of any such adverse determinations. From time to time and as recently as December 2024, the Company and the general partner of Security Land have engaged in discussions intended to settle the foregoing tax dispute and any related liability for unpaid taxes (and interest and penalties). No such settlement has been achieved to date and no assurance can be given that the parties will ever reach a settlement of the dispute.

### Note 9. Contingencies, Risks, and Uncertainties (continued)

In September 2016 and 2017, the Company received Internal Revenue Service letters indicating its 2014 and 2015 Federal Forms 1120, respectively, were selected for examination. Management has submitted all documentation requested. As of March 31, 2025, management does not believe that the Company has any material uncertain tax positions that would require it to measure and reflect the potential lack of sustainability of a position on audit in its financial statements. The Company will continue to evaluate its uncertain tax positions in future periods to determine if measurement and recognition in its financial statements is necessary. The Company does not believe there will be any material changes in its unrecognized tax positions over the next year.

The Company's operations may be affected from time to time by health pandemics, geopolitical unrest (such as in Europe or in the Middle East), actions taken by the United States government and the impact of elevated interest rates and inflation. These factors may have an adverse impact on the Company's financial position, operations, and cash flows, or on the financial markets, potentially impacting the cost of its capital or the ability to raise capital at a point when raising capital might be appropriate for the Company. The Company is monitoring these and other risks on all aspects of its business.

### **Note 10. Lease Commitments**

For operating leases, the lease liability is initially and subsequently measured at the present value of the unpaid lease payments. The Company generally uses its incremental borrowing rate as the discount rate for leases unless an interest rate is implicitly stated in the lease. The Company's incremental borrowing rate used for all leases under ASC 842 was 5.00%, the rate of interest that the Company would have to pay to borrow an amount equal to the lease payments on a collateralized basis over a similar term. The lease term for the Company's leases includes the noncancellable period of the lease plus any additional periods covered by either a Company option to extend the lease that the Company is reasonably certain to exercise, or an option to extend the lease controlled by the lessor. ROU assets, once recorded, are reviewed annually for impairment.

In April 2023, Regency paid a \$10,638 security deposit and entered into a new, five-year office lease agreement for a 432 square foot space for its New York location. Base rental payments under this agreement are \$5,066 per month for the first year, \$5,247 per month for the second year and \$5,428 per month for the remaining term.

Rent expense for the three-months ended March 31, 2025 and 2024 was \$15,956 and \$15,956, respectively. Other information related to leases is presented below:

	As of
	March 31, 2025
Other information	
Weighted-average discount rate – operating lease	5.00 %
Weighted-average remaining lease term – operating lease (in months)	38

As of March 31, 2025, future minimum payments under this operating lease are as follows:

For the Years Ended December 31,	
2025 (remainder of the year)	\$ 48,485
2026	65,130
2027	65,130
2028	 27,138
Total future minimum lease payments, undiscounted	205,883
Less: Imputed interest for leases in excess of one year	 (15,071)
Total	\$ 190,812

#### Note 11. Dividends

The Board of Directors has a dividend policy whereby the Board expects to declare a quarterly dividend to common shareholders provided that the determination to pay any cash dividends for any quarterly period will be made at the applicable time by the Board, in the Board's sole discretion, in compliance with the requirements of applicable law, and with consideration of the Company's future earnings and financial condition and other factors as may be deemed appropriate for consideration by the Board. The dividend policy will remain in effect until the Board determines, in its sole discretion, that it is in the best interests of the Company and its common shareholders to terminate the dividend policy.

The quarterly dividend per share was increased to \$0.078 for quarters ended September 30, 2024 and following.

The Company records as dividends payable a portion of declared dividends for certain stockholders who could not be located by the Company's transfer agent. As of March 31, 2025 and December 31, 2024, there was \$214,765 of returned dividends included in dividends payable on the Company's condensed consolidated balance sheet.

### **Note 12. Income Taxes**

As referred to in Note 1, the Company accounts for income taxes under FASB ASC Topic 740-10, Income Taxes. The deferred taxes are the result of temporary differences between financial reporting and tax reporting for depreciation, earnings from the Company's partnership investment in Security Land and the recognition of income tax carry-forward items.

The Company files consolidated income tax returns with its wholly owned subsidiary. As of December 31, 2014, for regular federal and state income tax purposes, the Company has utilized all of its net operating loss ("NOL") carryforwards. The Company believes it is no longer subject to income tax examinations for years prior to 2014 by the respective taxing authorities.

The Company and the general partner of Security Land are in disagreement as to the manner in which taxable income of Security Land was to be allocated pursuant to the partnership agreement and applicable law, and for years 2004 through 2018, the Company has reported taxable income and loss from Security Land in a manner it believes is proper, but which was different than the manner reported by Security Land. An investigation or other action by the applicable tax authorities to resolve this difference could have an adverse impact on the Company's operations and financial results.

The Company's 2014 and 2015 tax returns are under examination by the Internal Revenue Service ("IRS").

To safeguard itself from any possible negative impact, in February 2016, the Company purchased an insurance policy and binder to insure against the negative tax consequences should any arise from the disagreement with Security Land regarding reported taxable income allocations. In 2016, the Company paid \$633,900 for the policy and binder which provides coverage of up to \$10 million for negative income tax consequences which might arise over the seven-year period following the purchase of the insurance policy in the event the IRS or a state taxing authority were to investigate and reject the Company's tax positions taken. The policy is subject to certain limitations, exclusions, and retentions.

Income taxes were recognized at effective rates of 0% and 0% for the three months ended March 31, 2025 and 2024, respectively.

### Note 13. Simplified Employee Pension- Individual Retirement Account (SEP-IRA)

The Company adopted a SEP-IRA Plan in 2004. During the three-months ended March 31, 2025 and 2024, the Company expensed contributions of \$95,066 and \$92,297, respectively, to the SEP-IRA Plan. The SEP-IRA Plan covers all employees who receive compensation from the Company during the year. Employer contributions are discretionary and determined annually. In addition, the SEP-IRA Plan allows participants to make elective deferral contributions through payroll deductions.

### **Note 14. Subsequent Events**

The Company has evaluated subsequent events through May 15, 2025, which is the date these financial statements were available to be issued.
